- Share about your own career path (How and when did you realize that you wanted to become a \_\_\_\_\_?)
- Speak to the whole room.
- Speak about the best moments you've had in your job or career. Talk about a scary moment in your job and how did you overcome it?
- Encourage audience participation.
- Move around the room when you are presenting. If you are a Career Talk panelist, feel free to stand up when it's your turn to speak.

## **DON'TS:**

**Go over time.** Remember- allow time for questions. (Or ask them questions so they can feel engaged!).
